Ships of Battle: Age of Pirates 2.6.28 Update We've made some fixes and improved performance. Read more You are captain of the Black Pearl, the strongest battleship. You have to fight with the Royal Navy ship. Finding her in a heavy fog off the Galapagos Islands, you engage her in battle. Bomb it, bomb it. What you need to do is just shoot and take the enemy to sink. Be ware of your enemy, he's smart and won't stay here waiting for you to attack. He will tightly pack you like a ghost, run away from your attack, and shoot before running away. There are three difficulty waiting for you. Higher level means more scores and more powerful enemy. The best results will be stored on the world's top list. You control your ship with left and right arrow keys and shoot button, arrow keys move Black Pearl left and right and shoot button fires her cannons. In the lower left corner of the screen you will find an indicator that shows how many guns are loaded and ready to fire at any given time. You don't have to have all the guns loaded to shoot - nor the royal navy ship. The health of each ship appears at the top of the screen. Your ship and the Royal Navy ship are injured when they are hit by enemy fire. Ships of Battle - Age of Pirates - Warship Battle is a strategy app for Android developed by Artik Games.
